IMDEX Asia Sees Growing Focus On Innovation and Technology

As the biggest ever IMDEX Asia draws to a close, innovative technologies including robotics, unmanned and autonomous vehicles, and data analytics have emerged as a growing focus following three full days with networking sessions, warship visits, product demonstrations, and strategic discussions.

Showcased at IMDEX Asia 2017, ST Marine's NERVA Ship Management System with Sensemaking (SMS2), which utilises data analytics to perform equipment health monitoring and predictive diagnostics on platform machinery, are among the big data-driven innovations transforming the maritime industry.

The critical need to implement cybersecurity measures is being highlighted by the ongoing series of global ransomware attacks¹, with the inaugural **Commercial Maritime Cyber Security Forum** proving to be an excellent opportunity for our attendees to learn more about the rising incidence of such threats.

Mr Derek Novak, President, Pacific Division, American Bureau of Shipping, Inc., highlighting best practices for improving cyber intelligence and security implementation at the Commercial Maritime Cyber Security Forum, IMDEX Asia 2017.

About IMDEX Asia

Established in 1997, the biennial IMDEX Asia is the premier international maritime defence show in Asia Pacific and beyond. IMDEX Asia comprises an exhibition, strategic conferences and a warships display. It has gained recognition as the global platform to address pressing issues within the naval and maritime security industry, showcase the latest naval technologies and connect key players from navies, governments and industry. A must-attend show in the international maritime defence calendar, IMDEX Asia 2017 will be the eleventh in the series and will be held from 16 – 18 May at Singapore’s Changi Exhibition Centre.

For more information on IMDEX Asia 2017, please visit <http://www.imdexasia.com>.

About Experia Events Pte Ltd

Experia Events specialises in organising and managing exhibitions and conferences of strategic interest, fostering industry development and thought leadership. It has built a strong portfolio in aerospace and defence with the highly successful Singapore Airshow, Asia’s largest aerospace and defence event, as well as the Singapore International Robo Expo and key events such as IMDEX Asia, Asia Pacific’s flagship maritime defence show; Rotorcraft Asia, the premier dedicated event for the global civil helicopter industry; Unmanned Systems Asia, which presents the future of unmanned systems across a vast spectrum of commercial and defence applications; and Cybertech Asia, a strategic platform for the international cyber community. Experia Events’ expertise also extends to the government and lifestyle sectors, through key events such as the World Cities Summit, Singapore International Water Week and CleanEnviro Summit Singapore.

With a proven track record underscoring its aspirations to stage events that influence, Experia Events aims to diversify its range of strategic events globally.
